Food & Drug Administration Law Student Internship Program: Deadline changed to THIS Friday! (2Ls)

2Ls Summer Program application deadline moved from Oct. 26th to Sept. 16th! Apply through USAJOBS.

Federal Internships and Postgraduate PositionsGovernment Honors and Internships programs are in the [Government Honors & Internship Handbook](#).

There are a lot of deadlines coming up over the next several weeks for government honors positions. Please review this handbook carefully to make sure your application materials are timely. Also, many federal government agencies hire on a rolling basis, so please apply early. Most of the honors positions are paid!

OCI Tip: Follow-up on your screening interviews — if you had a screening interview and it has been two weeks or more and you have not heard from the employer, send a short e-mail to the recruiter to reconfirm your interest in the firm, and inquire about the status of your candidacy. If you have questions, please contact the CSO.

Also do not forget to follow-up on resume collections — if you submitted application materials through a resume collection and you have not heard from the employer, then send a short e-mail to the recruiter to reconfirm your interest in the firm, and inquire about the status of your candidacy.

3:00 pm - 4:30 pm EDT

In the midst of an economic downturn, thoughtful career planning is a must and more information is helpful in formulating a career plan. This panel will explore the career path and planning process for four successful attorneys. What prepared them for a career practicing intellectual property law? What was the role of networking in leading to their current position? What advice do they have for students and attorneys in building a career? How did they find success and fulfillment in the practice of law? We hope to answer these questions and others during the panel discussion.
