

## Signing into Zoom

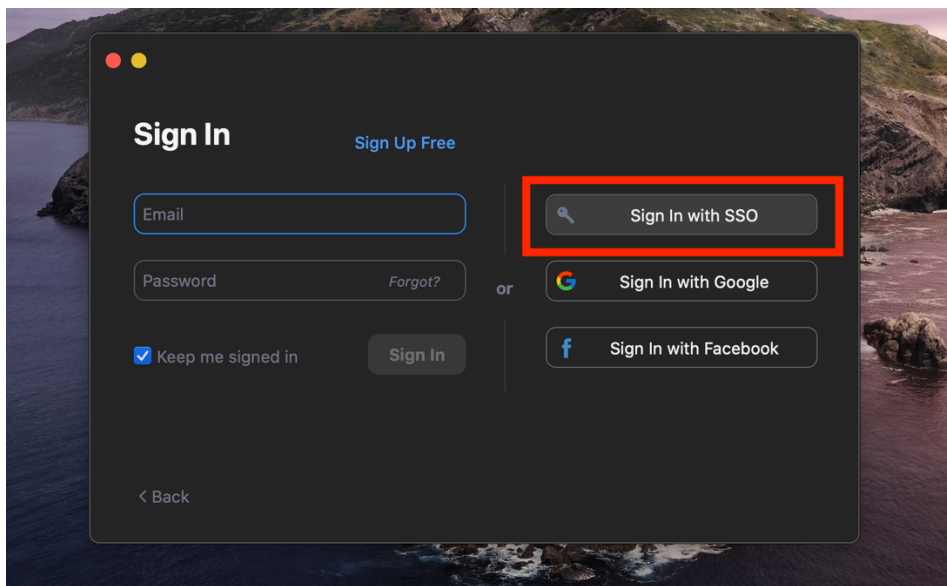

Last updated 8/2/2020 - Visit <https://law.ucdavis.edu> for latest updates

After you've downloaded and installed the Zoom client, you'll open Zoom and be greeted with the following screen:

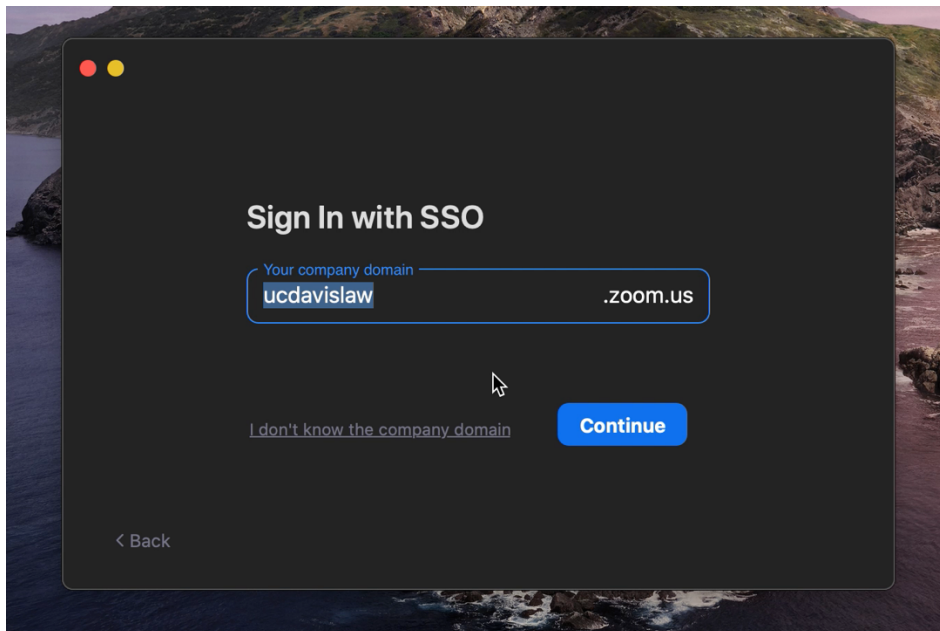

Click on Sign-In (our meetings require that you be signed in to access them)

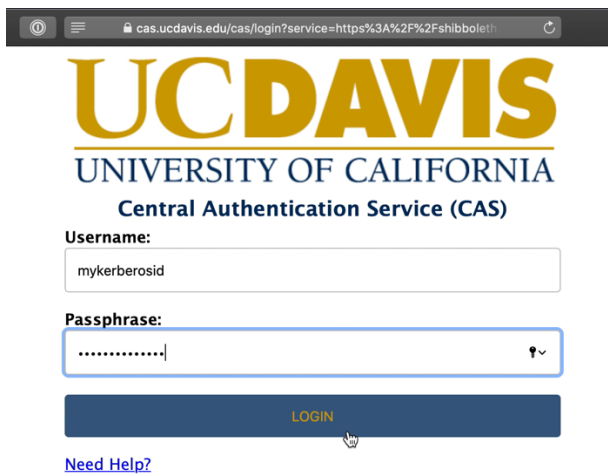

Click on "Sign in with SSO"

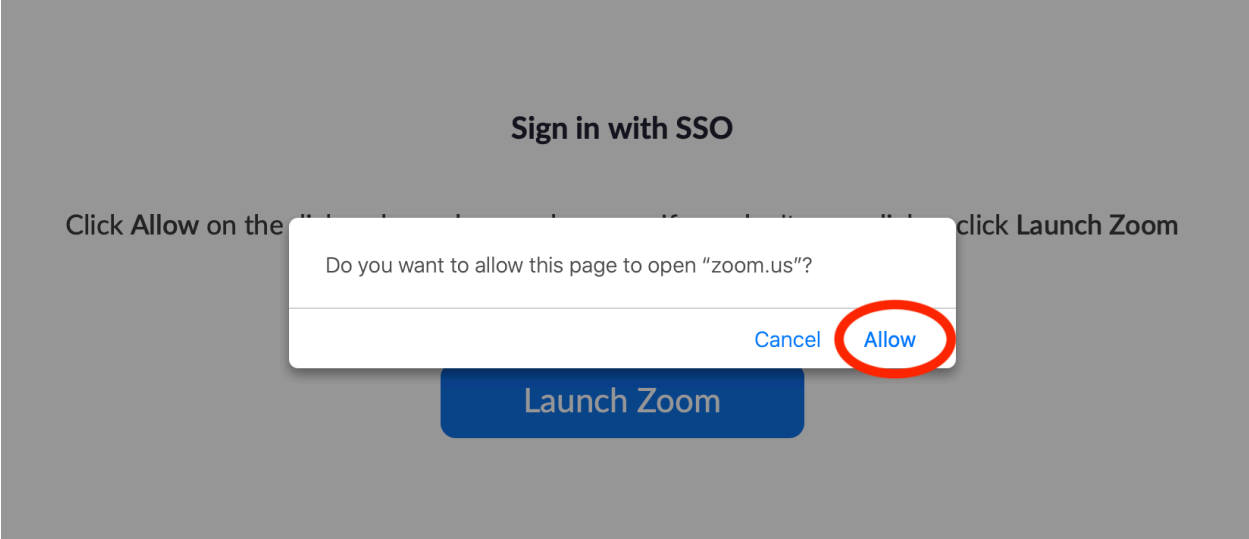

You'll be asked for the company name, enter "ucdavislaw" and click Continue.

Your web browser will open and you'll be brought to our Central Authentication Service web page where you'll need to sign in with your Kerberos ID and Passphrase. Login. If you are already authenticated you'll be automatically redirected to the next step.

If your credentials were entered correctly you will be redirected and if a message pops up asking if you want to allow Zoom to open, choose "Yes" or "Allow."

Zoom will now automatically sign you in. You may now start using Zoom.

If you have any questions please contact IT and reference this document for help. Call 530-752-6678 or email [lawithelp@ucdavis.edu](mailto:lawithelp@ucdavis.edu)
