<b>Acts - Proposed by the Legislature - Requiring Voter Approval</b>	Chaptered Resolutions	Current & Historical	California State Assembly Office of the Chief Clerk	When the legislature, through a bill, wants to amend or repeal an initiative, the process is similar to that of the ordinary California bill process - however, once the bill has been agreed on by the legislature it is then chaptered as a resolution.  After it is chaptered as a resolution, then it must first qualify to be placed on the ballot. Secondly, it must then receive voter approval. Please note: most initiatives require voter approval to be amended or repealed.  The easiest way to search in this resource for this type of resolution is to:  1) Select statutes 2) Select the year 3) Select Resolution Chapters 4) The search for the phrase "propose to the people" 5)Click on the results returned  This is the easiest way to locate bills purposed by the legislature that amended or repealed an initiative that have become resolutions. 				Thus, Section 2.12.040 is Section .040, located in Chapter 2.12 of Title 2. In most instances, sections are numbered by tens (.010, .020, .030, etc.), leaving nine vacant positions between original sections to accommodate future provisions. Similarly, chapters and titles are numbered to provide for internal expansion.				
				In parentheses following each section is a legislative history identifying the specific sources for the provisions of that section. This legislative history is complemented by an ordinance disposition table, following the text of the code, listing by number all ordinances, their subjects, and where they appear in the codification; and beginning with Supplement No. 14, 7-09, legislation can be tracked using the "Code Comparative Table and Disposition List."				
				A subject-matter index, with complete cross-referencing, locates specific code provisions by individual section numbers"

Finding Aids	<p>Guide to the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000</p>	November 2011	The California Association of Local Agency Formation Commissions	<p>The Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 (Act) establishes procedures for local government changes of organization, including city incorporations, annexations to a city or special district, and city and special district consolidations.</p> <p>Local agency formation commissions (LAFCOs) have numerous powers under the Act, but those of primary concern are the power to act on local agency boundary changes and to adopt spheres of influence for local agencies. Among the purposes of LAFCOs are the discouragement of urban sprawl and the encouragement of the orderly formation and development of local agencies. Staff to the Assembly Local Government Committee regularly updates the Guide to the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000.
