We suggest you upload that before open slots open so you can have it ready to apply to any open slot you see available.
Set Yourself Up For Success

- Research employers and prepare materials early
  
  If you want materials reviewed by our office, send them in early to ensure you get a thorough review

- Personalize each cover letter
  
  Use the organization’s name in your letter
  
  Explain why you are interested in working for that organization, or office, or issue area
  
  Connect your experience and skills to the job - look at the job posting and the desired qualifications, mirror their language
  
  Make sure you upload your cover letter with the a title that will allow you to easily attach the correct one to your application. Ex: ACLU-cover

- Submit your applications early! Don’t wait until the deadline.
  
  The system slows down due to the amount of traffic on the final day
  
  If you have technically difficulties, you will need time to get assistance
  
  At 5pm the system closes and no further bids can be made - even if you are in the process of applying at 5pm, your application will be cancelled and you will not be able to proceed
